

PLEASE NOTE!

This water shader is super simple, but it requires URP.

If you would like to use the water shader, please enable depth texture and opaque texture in your URP asset.

If you would like to go back to the previous look of the pack, go to materials, find 'vegetation' and change its texture to the original instead of Swamp_2

Thank you for your purchase!

If you have any questions, comments, or complaints, please email me at londonjamesgames@gmail.com.

I am a one man team, so it may take a while for me to get back to you, but I fully intend to read any emails I receive.

If you enjoy the pack, feel free to leave a review!
